As a way to more easily identify which days household trash, recycle, yardwaste, and bulk trash will be collected, the above calendar was created from a suggestion the City received. In addition to looking in the upper-left hand corner of the tax bill to identify the "Section" applicable to the property, the other side of this calendar has a listing of City streets/developments with the corresponding "Section" noted beside each street and development. Simply identify the street or development, then follow the trash and recycle collection dates applicable to that Section. All yardwaste and bulk trash collections are city-wide on the dates noted on the calendar.
