

Terrorist Incident Annex

PURPOSE

The purpose of the Terrorist Incident Annex (TIA) is to develop a consequence management plan for responding to and recovering from a terrorist-initiated incident, particularly one involving weapons of mass destruction (WMD).

The TIA supplements the Lewes Emergency Operations Plan (LEOP) that is already in effect.

The TIA prescribes a coordinated response effort to ensure the highest degree of public safety and prepares the City's various departments/agencies to perform safely and effectively during a terrorist incident.

Due to the sensitive nature of some of the information contained in the TIA, this document is maintained separately by the Office of the City Manager; and its contents are not included here.
