Kings Highway (SCR 268)
Lewes & Rehoboth Hundred, Sussex County

Dear Mr. Crouch:

The Department of Transportation has reviewed the Commercial Entrance Plans dated February 3, 2020 (last revised July 12, 2020) for the referenced project and determined that they are in general conformance with the Department's current regulations, specifications and standard details. By signing and sealing the plan set, the developer's engineer is responsible for accuracy of content. Any errors, omissions or required field changes will be the responsibility of the developer. This plan approval shall be valid a period of **three (3) years**. If an entrance permit has not been obtained within three years, then the plans must be updated to meet current requirements and resubmitted for review and approval.

This letter does not authorize the commencement of entrance construction. The following items will be required prior to the permit being issued. A pre-construction meeting may be required as determined by the South District Public Works office.

1. A copy of the recorded Site Plan which is consistent with the DeIDOT "No Objection to Recordation" stamped plan and all appropriate signatures, seals, plot book and page number.
2. Three (3) copies of the approved entrance plans.
3. Completed permit application.
4. Executed agreements (i.e. construction, signal, letter).
5. An itemized construction cost estimate.
6. A 150% security based upon an approved itemized construction cost estimate and W-9 form (if providing escrow).
7. A letter of source of materials, work schedule, list of subcontractors, emergency telephone numbers and names of contact persons.
